Dear Dr. Green:

Please let this letter confirm that we have received and approved your financial and narrative interim reports for the Lumina Foundation grant referenced above. I have also approved the release of the second payment, \$75,000, for this grant. Payment will be processed within the next ten business days.

Many thanks for an interesting interim report. Congratulations on such aggressive progress on your four objectives. Of particular interest to the larger DQP community will be the web presence of your work and the chance for others to learn from what you have done. We hope you will promote the existence of the website as you speak about your work with other institutions and at regional and national meetings. You also deserve praise for navigating the transition of leadership of the project. Both the trajectory of the work and the enthusiasm for the project have been admirably maintained through the transition and we are grateful for your focus on success. Well done!

Sincerely,

Marcus M. Kolb, Ph.D.
